

High-strength plastic eyelet reinforces the hole through which the fastening system.

#### Technical specifications:

Side view

Dimension of eyelet:

A: 8 mm

B: 12 mm

C: 26 mm

Outdoor use  
Satin finish  
UV-resistant

#### Application:

On communication media such as banners and x-banners

#### Advice from mpa pro:

Think of our tensioning systems.

We also quadruple the thickness of the tarpaulin at the eyelet point to guarantee excellent resistance to tearing.
